TX-500 2024 CoCBUILDS NOFO Local Request for Proposals (RFP)

Overview

Close to Home, as the designated Collaborative Applicant for TX-500, invites eligible organizations to apply for the U.S. Department of Housing and Urban Development's (HUD) [Continuum of Care Builds Notice of Funding Opportunity \(CoCBUILDS NOFO\)](#). CoCBUILDS is a special grant opportunity that aims to address and reduce persons experiencing homelessness by adding new units of permanent supportive housing (PSH) through new construction, acquisition, or rehabilitation, that provide access to supportive and public services through one-time awards under the CoC Program. As San Antonio and Bexar County's Collaborative Applicant, Close to Home is required to conduct a local competition in accordance with HUD's rules and regulations and submit the grant on behalf of the selected project applicant.

There is **\$7,500,000** available for **one recipient** to implement a project within the geographical area of San Antonio and Bexar County. Project applicants should apply for the full amount whether the selected grant term is 2, 3, 4, or 5 years. Close to Home encourages interested applicants to attend the grant conference and read the HUD CoCBUILDS NOFO and this local RFP document in their entirety prior to starting an application. Visit [Close to Home's website](#) for application resources and links, including helpful checklists for eligibility criteria and application materials. See **Appendix A** for a timeline of activities.

Permanent Supportive Housing (PSH)

Permanent Supportive Housing (PSH) is permanent housing in which housing assistance and supportive services are provided to assist individuals with a disability and families where at least one household member has a disability and is experiencing homelessness to achieve housing stability and live independently. A qualifying PSH project offers ongoing support for an indefinite period (cannot be a time-limited program) and must meet the 15-year use requirement in [24 CFR 578.81](#). PSH is beneficial for several reasons, including providing stability, offering supportive services, reducing overall public costs, improving health outcomes, integrating individuals into their communities, and preventing recidivism.

Through this funding opportunity, HUD encourages CoCs, applicants, and developers to partner to determine an economical way to increase permanent supportive housing supply for those experiencing homelessness that considers adaptive reuse and [conversion of hotel properties](#). Additionally, CoCs and applicants should engage local leaders to mitigate zoning and land use issues that may impact adding permanent supportive housing units to the CoC's housing stock. For assistance connecting with other partners to collaborate on a joint application regarding capital costs, development, operations, or supportive services, contact Netanya Jamieson at the Local Initiatives Support Coalition at njamieson@lisc.org.

Eligible program participants (beneficiaries) for PSH are individuals and families experiencing homelessness as outlined in [24 CFR 578.3](#) paragraphs (1); (2); or (4) where at least one individual in the household has a disability. TX-500 is prioritizing projects that plan to serve those experiencing [chronic homelessness](#).

In addition to following the requirements of a CoC-funded PSH project in [24 CFR 578](#), PSH projects funded through CoCBUILDS must utilize San Antonio and Bexar County's Coordinated Entry System, [Homelink](#), to receive referrals, operate by the policies of the local [Homeless](#)

[Information Management System \(HMIS\)](#), follow [TX-500 CoC and ESG Written Standards](#) for operating a PSH project in San Antonio and Bexar County, and enter into an Memorandum of Understanding with Close to Home as detailed in the [CoC Program Policies and Procedures](#).

Project applicants may partner with a subrecipient(s) to carry out certain cost activities of a federal award. Any subrecipients listed in the project application must meet the same eligibility requirements as the recipient.

Grant Term and Period of Performance

Grant terms may be 2, 3, 4, or 5 years. Project applicants should select the grant term based on the type of capital costs project you are submitting and the realistic time frame for completion. Generally, rehabilitation and acquisition time frames are less than new construction. Projects selected for conditional award must be able to:

- a. Provide proof of site control ([24 CFR 578.25](#)) prior to execution of the grant agreement (in 2025); and
- b. Execute the grant agreement with HUD no later than September 1, 2025; and
- c. Have a completed environmental review before awarded funds can be drawn for project activities (see page 50 of CoCBuils NOFO); and
- d. Meet the timeliness standards outlined in [24 CFR 578.85](#) for new construction or rehabilitation activities.

The estimated project start date for CoCBuils is October 1, 2025, and the estimated project end date is October 1, 2030. The period of performance dates may range anywhere from 24 months to 60 months, depending on the grant term.

Describe the dollar value of each of these commitments and describe the overall cost of the project, including the estimated cost per unit. In cases where the project includes more than one type of housing (e.g. townhouses and apartments), or has multiple sites, provide cost per unit information on each site or housing type to the extent possible.

V.A.1.e. Unmet Housing Need (1 page maximum)

- Describe the population that will be served by the project and the level of unmet need for new units of permanent supportive housing in your area for that population. Using the PIT Count and HIC information, estimate the gap between the number of units of permanent supportive housing available and the number of homeless individuals and families experiencing homelessness where at least one household member has a disability. Maximum points will be awarded for applicants that demonstrate that there are fewer than 50 PSH beds available in a given year for each 100 people in the population that is proposed to be served.

V.A.1.f. Management of Rental Housing (2 pages maximum)

Leveraging Housing Resources:

- Demonstrate through formal written commitment(s) from a healthcare organization, housing provider, and/or social service provider:

- Access to housing resources (e.g., supportive services, home-based and long-term services and supports, primary and medical care, behavioral health, substance use disorder treatment and recovery, and other services); or
- The value of assistance being provided is at least an amount that is equivalent to at least \$7,500 per unit included in the proposed project.
- Formal written agreements must include:
 - The value of the commitment

Additionally, the response should include state whether the PSH units will be part of mixed-use development, meaning individuals and families that will reside in the units are not all disabled.

V.A.1k. Section 3 Requirement (1 page maximum)

- Describe the actions that will be taken by project applicants to comply with Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) (Section 3) and HUD's implementing rules at 24 CFR part 75 to provide employment and training opportunities for low- and very low-income persons, as well as contracting and other economic opportunities for business that provide economic opportunities to low- and very low-income persons. This does not affect applicant's existing responsibilities to provide training, employment, and other economic opportunities pursuant to Section 3 that result from their receipt of other HUD funding. Grants to Indian Tribes are subject to Indian Preference under Section 7(b) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5307(b) and are not subject to Section 3 requirements.

- You have measures in place to track your progress and evaluate the effectiveness of your efforts to advance racial equity in your award activities.

This narrative is required and must address the four bullets outlined in the paragraph above in 2 pages or less. This narrative will be evaluated for sufficiency and will not change the applicant's score or rank as compared to other applicants. If the narrative is deemed insufficient, it will be a "Curable Deficiency" that will be communicated to the applicant for correction with a notice of deficiency.

IV.B.2. Affirmative Marketing and Outreach Narrative (2 pages maximum)

Such demographic groups may include, for example, Black and Brown persons or communities, individuals with limited English proficiency, individuals with disabilities, or families with children. Strategies for affirmative marketing or outreach include outreach through community contacts or service providers or at community centers serving the target population; and marketing on websites, social media channels, television, radio, and print media serving local members of the targeted group. You must submit a narrative describing the affirmative marketing/outreach activities that will be conducted if you are selected for a HUD award.
