Homelink Housing Interventions

Homelessness Prevention

Helps low-income households resolve a crisis that could otherwise lead to a loss of housing. Can be used for housing relocation, stabilization services, and short- to medium-term rental assistance as needed to prevent families from needing emergency shelter or becoming unsheltered.

Diversion Problem-Solving

Diverts homelessness for people seeking shelter by helping them identify immediate alternate housing arrangements and, if necessary, connecting them with services and financial assistance to help them return to permanent housing.

Homelink Housing Projects

Transitional Housing (TH): Time-limited, to move PEH to permanent housing within 24-months.

Rapid Rehousing (RRH): Rapidly connecting PEH to permanent housing through time-limited financial assistance and targeted supportive services.

Transitional to Rapid Rehousing (TH-RRH):

Permanent Supportive Housing (PSH): Permanent housing with indefinite leasing or rental assistance, paired with supportive services to assist those experiencing chronic homelessness.
